Figures are used to designate generations and to number consecutively the births in a family. Figure 1 to the left of a dash (1-) denotes the first generation of a family in America. The figure to the right of the dash denotes the number of the child in order of birth. (2-2) denotes the second generation in America and the second child in the family. 0 means the order of birth is not known.

Fisher's Central Conn. Marriages gives 1768 as the date of the marriage of Increase Mather to Esther Hart. This is wrong as he was born 1760.

Mrs. A. E. Brandt

Arlington, Virginia

Dear Madam:

Reference is made to your request for information relative to William Mathers, a Revolutionary War soldier from Pennsylvania.

The data which follow were obtained from papers on file in the pension claim, S.30566, based on the military service of the only Revolutionary War records of this office.

William Mathers was born in May, 1760, in Bucks County, Pennsylvania. The names of his parents are not shown.

While living in Bucks County, he enlisted in the summer of 1777 and served four months as private in the Pennsylvania militia under General Potter. While residing in Cumberland County, Pennsylvania, he enlisted in the summer of 1779 and served two months as private in the Pennsylvania militia under General Potter. About two years later he served two months as private in Captain James Young's Pennsylvania company and was engaged against the Indians.

He lived in Cumberland County, Pennsylvania, about two years after the Revolution, when he moved to a place about forty miles from Pittsburgh where he lived four years. He then moved to Kentucky and lived six years in Paris.

He was allowed pension on his application executed October 27, 1834, at which time he was living in Nicholas County, Kentucky, having lived there forty years, and he was then referred to as William Mathers, Senior.

There are no data relative to the family of William Mathers.

In order to obtain the date of last payment of pension of William Mathers, the name and address of the person to whom it was paid and possibly the date of death of the soldier, it is suggested that you address the Comptroller General, General Accounting Office, Records Division, Washington, D. C., giving the following data:

William Mathers, Senior, Certificate 29777, issued February 24, 1835, rate $20 per annum, commenced March 4, ~~1831~~ 1831, Act of June 7, 1832, Kentucky Agency.

Very truly yours,

(Signed) A. D. HILLER

History of Benton, Kansas Christian Church
Written by Oscar Carlick.

In the summer of 1871 three covered wagons left Clear Creek, Indiana enroute to Kansas. These wagons brought the following persons--William Mathers and family, W. B. McCune and William Martin. The family of W. H. McCune came the next April by railway.

All these people took homesteads north and east of the present town of Benton and began preparation for school and Sunday School.

School was held in the E. K. Robinson log house in the spring and summer of 1872. The small schoolhouse known as Pillbox was built that fall on the George Moore farm, one-half mile due north of the Benton cemetery. This served all purposes for school and church until the Enterprise school was built 1880.

Here people gathered on the first day of the week, coming across the prairies in lumber wagon, by horseback, or sometimes by wagons drawn by oxen. Sometimes the mother and small children would ride horseback while the father and older children would walk. Thus was the banner of the Cross unfurled.

Brother E. E. Harvey came over from Little Walnut and preached from time to time, and in June 1875 the Benton Christian Church was organized with the following members.

William and Sarah Mathers
Benjamin F. and Amanda Mathers
Ewing and Alice Howard
William and Allie McCune
Oscar and Amelia Carlick
Mrs. Margaret Aikman
Edith McCune

The church building in Benton was dedicated May 18, 1881.

(Note: Samuel Mathers wrote this manuscript and read it at Old Settlers' Meeting 1879. Spelling and punctuation are as in the original. He died 1882.--L. B. E.)

July - 19 - 1879. My name is Samuel Mathers. I was born in old Ky in what was then Bourbon Co on a little creek called "Brushey Fork" of Hixton about half way between Lexington and Maysville and about one half mile west of where Carlyle now stands on the 27th of Sept AD 1810. Consequently I am now almost 69 years of age. I was the eldest of ten children born to James and Susanna Nesbit Mathers. I was brought up in that neighborhood until I was about 18 years of age. And religiously I was trained according to the strictest sect of the Presbyterian religion. I was trained either to go to preaching or stay at home and read my Bible or New Testament both of which I was taught to believe was a Revelation from God to man the truth of which I never doubted in my life. My parents did not allow me to visit or hunt or fish on the Sabbath Day. And they were especially particular to teach their children the impropriety of using profane language. Indeed so far as I now remember I never swore a profane oath in my life. I have always been and am yet a confident believer in a special Providence of God as well as a general providence in accordance with the laws of nature. When I was about 17 years of age I made public profession of my faith in God and in the Lord Jesus Christ the Son of God as the Divine Savior and was immersed in the name of the Father and the Son and the Holy Spirit for the remission of sins. And from that time to this I have been trying in much weakness and many failures to live a consistant Christian life. And I hope to continue to do so as long as I live in this world as I believe this life only the commencement of life.

In the fall of the year 1828 we moved to this state. I was just 18 years old the day we landed on Clear Creek. My father had been out here the year before and bought 80 acres of land at a land sale in this County. It was the 80 acres of land on which Mr. Chesley Woodward now lives near to the Clear Creek Station. He paid the enormous sum of $2.50 per acre for it. Well we went to work. The first thing was to build a house 18 by 20 feet of round logs. Some of them were buckeye. And we schuched down and nailed on the clapboards and made a pretty fine house of it at least it served us well for several years as a dwelling and a church for the neighborhood. We moved into it just one month after we landed on the creek. The indians were all gone from this County before we came. But there were plenty of Savages here in the county. As a evidence of that fact I will

tell you how they treated us. We brought with us a number of fine sheep 22 head. We got them into a little pasture on the farm on which Mr. George Stipp now lives and they had been there only about one week when the Savages came upon them one night and killed 20 of them and scared the other rwo almost to death and left in the morning about daybreak howling like a dozen wolves in one pack. But this little reverse of fortune did not altogether discourage us. We still worked on and always had enough to eat. My father bought 100 bushels of corn delivered in the rail pen at our home in the woods for 20 dollars. And he bought 800 pounds of pork for 12 dollars. And the old gentleman from whom he bought it said it was cornfed pork but we thought it was acorn fed as it was very soft and greasy. That same fall my father hired two young men Andrew W. Reeves and James Anderson to make 4000 rails which they did in quick time and good order for which he paid them 10 dollars in cash. And they were mighty glad to get it. Notwithstanding that times were hard and produce so low and labor so cheap we had to pay 25 cents for every letter we received from our friends through the mail. And if we did not pay the money we did not get the letter, thats all. I don't now remember who was financing the government at that time but I do remember it was in the days of Nicholas Biddle and the Old United States Bank. And I don't think that John Sherman and Mr Hays can make any harder times than we had then if they try their best. Well I stayed at home and worked to support the family until I was about 22 years of age. I then thought I must have some education for I had none scarcely except what I had acquired at home at nights and Sundays for we did not have Public day schools and Sunday schools and young mens and young women's Christian associations to attend then as the young people do now. So I decided to go to college and I started in the fall of 1832 and went three terms. I paid my tuition in services as janitor and, my board I paid for in work in vacation, but I found it would be impossible to procure books and continue my studies so I quit. I just went long enough to learn to say Samuel Samuella Samuelison and a few other things when I had to quit for want of means. I was at the College and on top of the old College building the most of the night in which that great phenomenon the wonder of the world occurred that we called the falling of the stars. It looked like there were ten thousand times ten thousand stars falling with streams of fire following them, from about ten o'clock at night until daylight next morning. But the stars remained in their places.

Well after I left college I concluded that if I could find some young lady that I thought to be worthy and she would agree to it I would marry. I did find one who was worthy in every respect and she accepted my proposition. And we were married on the 11th day of January 1837 and we went to housekeeping within a few weeks and kept house together very agreeably for nearly 40 years when she was taken away very suddenly by death on the 7th day of March 1876. At our marriage I promised that I would love her and cherish her and keep her in sickness and in health and forsake all others and cleave unto her alone until we were separated by death, which promise I kept and she was a true helpmate to me. We raised one son and only one. Quite a number of you know him. He was a slender little chap when he was growing up, but if he should live some years yet he may be a man in size at least. He is now about 29 years old and weighs 250 pounds.

After I had settled myself as I thought in Perry township this County I enjoyed my full share of the confidence and esteem of my neighbors and fellow

citizens. Shortly after the orginization of our present school system I was chosen one of the Township trustees of Perry Township which office I served for several years. About the year 1838 I was elected Justice of the Peace in Perry Township and served in that office for one term. During that term I had considerable practice especially in solemnizing marriage. At that time it seemed to be the fashion to be married by the Justice of the Peace, and I was called on in a number of cases. One one occasion I married three couples at one time and one place. All three couples stepping forward at one time and all discharged at one time. They were two sisters, a brother, an uncle, a nephew and a stranger.

After the decease of my wife in the year 1876 I continued to live altogether agreeably with my son and his family and on the 8th day of December last I married a Christian lady in Bloomington about my own age since which time we have lived together just as happy as we expect to be until we get to Paradise.

(Note,—The three couples Samuel Mathers married "at one time" were Perry Bales and Catherine Wagganman; Samantha Bales and Milton Douglass; Louisa Bales and Noble Douglass. They were married Dec. 29, 1839 at the home of their grandfather James Mitchell.)

NESBIT FAMILY

1-O Thomas Nesbit was b. in Pa. April 10, 1769 and d. in Monroe Co., Ind. Sept. 12, 1861, m. Dec. 14, 1790 in Bourbon Co., Ky. Constance Bennington b. May 20, 1767 d. Monroe Co., Ind. Oct. 14, 1854. Both buried Richland cem. about six miles west of Bloomington, Ind. They had eight children. Constance was the daughter of William Bennington (1726-1801).
Thomas Nesbit's father was born in Scotland, near Edinburgh. He came to America and lived for some time in Pa. In the early 1770's he came down the Ohio River on a flatboat and settled in Bourbon,Co., Ky. His given name and that of his wife are unknown. They died in Ky.

Excerpt from a paper written by Dow B. Foster in 1908 for the Monroe County Historical Society.

"Thomas Nesbit settled on Richland Creek Monroe Co., Ind. in 1825. His log home was a haven for travellers, a happy meeting place for friends, and church services were held there until a log church was erected in 1838. He was an elder in the church, an admirer of Alexander Campbell and Barton W. Stone, and a follower of their teachings. He was a kind gentle and spiritual man, of slight build but courtly bearing. He was a sweet singer and had memorized many chapters of the Bible. One of his earliest recollections was the war-whoop of savages. One day in early spring word was brought that the Indians were coming. Only little Thomas and his mother were at home. She took the boy and a large feather bed into a Large V-shaped ash-hopper. She scarcely had time to pull the boards over their heads when the savages appeared, uttering blood-curdling yells. Their log home was burned to ashes. After the Indians had gone away, and his mother had found a place of safety, she learned that they had slain her husband." (Many ask why his mother took the featherbed into the ash-hopper. Spring was the time to make soap. Water was poured on the ashes to make lye. The wet ashes would cause deep burns. The feather-bed protected them.)

Excerpt from the History of the Congregation of Disciples at Richland in Monroe Co., Ind. from its beginning until Jan. 1, 1864.

"Elder Thomas Nesbit, who lived many years in Nicholas Co., Ky. and whose efforts helped build the old Christian Concord congregation, was the founder of Richland church.

He disposed of his home, and with his family of eight souls, prepared his outfit and wended their way westward. After many days of travel, they reached Bloomington, Ind. in the fall of 1825, where they rested.

He purchased land on Richland Creek and moved there in the spring of 1826. The present church building and cemetery are on this land. Thomas Nesbit and his wife, his son-in-law and wife (John Mathers and Jane); William Nesbit and wife, Thomas Nesbit Jr. and Sarah Nesbit formed the nucleus of the congregation of Richland church.

(Note—Thomas Nesbit deeded land for the church. The deed was misplaced; was found and recorded 92 years later.)

Excerpt from minutes of the church.

COPY OF WILL OF THOMAS MATHERS, SR. RECORDED IN WILL BOOK "C", PAGE 412
NICHOLAS COUNTY COURT, STATE OF KENTUCKY.

I, Thomas Mathers, Sr., of Nicholas County and State of Kentucky, being weak in body but of sound and disposing mind and memory, and being desirous to make ample provision for the support and maintenance of my dearly beloved wife, Elizabeth Mathers, whose unremitted care of and attention to me during my afflictions, lays me under the strongest obligations to secure to her a sure and certain support; Therefore, I do hereby declare the following to be my last will and testament, so far as the same is applicable to my estate, to-wit:

I will and bequeath to my said wife all the money and cash notes I may be in possession of at the time of my decease; and also her one equal third part of what my other personal estate may amount to, after payment of just debts and expenses, and further she is to have her Dower to-wit: One-third of my land to include the dwelling house and a sufficiency of woodland laid off to her to use and occupy during her life. The money, cash notes and third of the personal estate as above named, is to be hers absolutely to do with and dispose of as she pleases.

Item 2: The balance of my personal estate and my land subject however, to my wife's dower, I will and devise to be equally divided amongst all my children, the child or children of my deceased child or children to heir the part that their parent, if living, would have heired; it being expressly understood that the money and cash notes given to my beloved wife is that much over and above her third of the remainder of my personal estate.

And lastly, I do hereby constitute and appoint my friend, Gavin Mathers, my executor of this my last will and testament, and I do hereby revoke and declare any and all wills by me heretofore made.

In testimony Whereof, I have hereunto set my hand and seal this 16th day of September, 1836.
